### Chromebook Cases

A gentle reminder for all parents that have previously purchased a Chromebook through the school that in order for the insurance provided with the devices to be valid the Chromebook MUST be stored in a case when not in use. This applies regardless of whether the device purchased is manufactured by Acer, Viglen or Dell.

If a device were to be damaged when being transported and it was found not to be in a case any insurance claim would be rejected. If any parents have questions or queries with regards to this they should get in touch with Mr Kellie who will be more than happy to provide clarity on the situation.
