eSafety Advice/Guidance - Do you know where your child goes when they are online?

A fantastic range of resources and advice in relation to eSafety has been compiled by the London Safeguarding Children's Board that can be found [here](#). We would highly encourage all parents to look through some of the websites that they have signposted for useful and practical tips, advice and guidance relating to keeping your children safe when they are online.

The London Safeguarding Children's Board also provide a wealth of other information sources on eSafety from Safer Internet Day 2018 which can still be accessed [here](#).
