The 2014 Circle

The 2014 Circle is named after the year of the school's foundation and is a unique way for alumni (and their families) to stay connected and to support future generations of FBS students.

FBS is trying to achieve something special. It aims to provide a breadth and quality of education that can only be found in schools (usually independent) with vast incomes and resources. We believe that great education should not only be accessible to those who can afford it, and the only way we can achieve this aim is through raising money each year via The FBS Foundation. It is an incredibly difficult task, but FBS has one very special ingredient that other schools do not have: its astonishingly supportive community. FBS has grown from literally nothing to a flourishing school of more than 800 students in the space of 10 years: an achievement only possible because every member of the school community is so committed to ensuring its success. As our alumni base grows, we have been asked to find a way for former students and their families to remain connected whilst also giving something back to the school and its future generations. For this reason, we have created The 2014 Circle.

We recognise that our recent leavers are not in a position to donate vast sums to The FBS Foundation. Therefore, membership of the 2014 Circle is from as little as £20.14 per year. We hope that this relatively small sum will be acceptable to many of our alumni.

Can £20.14 really make a difference. Yes. Definitely. Remember that we are building for the future. It is our hope that generations of leavers will sign up, and in doing so create a sizeable annual donation that can be used to support the school's aims. Imagine the benefits if, over the years, hundreds, or even thousands, of our alumni join the circle. Together, the whole of the alumni community becomes much greater than the sum of its parts.

In the early years of the 2014 Circle, the money raised will be put directly to supporting alumni events. In simple terms, the more we raise, the more we can put into events and activities to bring former students back together.

We hope you may choose to get involved. If you would like to join The 2014 Circle, please click [here](#). Thank you for your consideration and your ongoing support of The Fulham Boys School.
